Judge David A. Faber
Cyrus v. Ballard
Case# 1:12-cv-09341

Hi, my name is Kimberly Renee Stacy (Stevenson). I'm Harold Lee Cyrus's stepdaughter doc# 43634. I've call your office a couple times. I was hoping to set a time to speak with you in person.

I have one other person that is witness that Harold is innocent. Her name has never been put out as far as I know. Robin D. Hall, she was with me in Bland County the night everything happened.

I've been trying to locate the rape kit done by Bluefield Hospital, but it doesn't seem to exist any more.

Judge Frazier put a lock on it, we'll sealed the medical files back in 2003.

Why I'm not sure. Most likely because it shows that Harold Cyrus isn't guilty. I've got paper work that states when Bland County came to pick the kit up, it was no were to be found. There is plenty we can talk about with this case, don't know if you have all the information or not. But if you could contact me and set a time to speak in person, I would greatly appreciate it. And honestly my spelling is horrible.

Home phone: 304-589-3164

Cell: 304-888-1762, I always answer one and/or call back. My
